## Application of the Findings from Neuroscience and the SBMG Research

---

What can and should be applied, where, how?

The person listed is the leadoff in that topic and the other two presenters should join in after just a few minutes. Then, I will invite the group to interact.

If a topic runs out of steam, I will move things forward to the next topic.

Allan: Childcare by Parents

The already good-enough getting better

Teaching & training parents-in-waiting by other parents

Books, classes

Groups in existing institutions (hospitals; churches, synagogues, temples)

Darcia: Childcare by Others

Extended Family

Godparents (in some traditions)

Non-family Informal

Schools and Other Institutions

Jim: Psychotherapy

Training and Re-training

Developing More Attachment Period Therapies

Developing Better Funding Sources for Treatment

Allan: The Law

Laws Enacted

Enforcement

Age-related

Parent abuse & neglect

Court Jurisdiction

Darcia: Education

Emotional Enrichment

Quality of Attention

Sports Programs

Other Competitions

Jim: Medicine

Pediatricians

Obstetricians

Midwives  
Family Practice Physicians  
Psychiatry
